

EUROPEAN CITIES AGAINST DRUGS
15TH ECAD MAYORS' CONFERENCE

DRUGS IN THE CULTURE OF CITY YOUTH

PROGRAMME

WARSAW, MAY 28-29, 2008

City
of Warsaw

Dear friends and colleagues,

I have a pleasure to invite you to the 15th ECAD Mayors' Conference to be held in Warsaw on May 28-29, 2008.

The Conference will focus on the cultural and social bases of preventing the use of psychoactive substances, particularly drugs. We would approach a problem of drugs as an element of the culture of city youth.

We would like the Conference to prove to be a forum for exchanging experiences and to make possible for international comparisons in the fields of creating a socio-cultural image of the phenomenon, methods of diagnosis threats, and effective ways of preventing drug use among city youth.
