

# FIRST ANNOUNCEMENT ECAD XXIII<sup>rd</sup> MAYORS' CONFERENCE

Hosted by the City of Stavanger, Norway

## Proactivity beats Reactivity

### Examining the evidence for sound drug prevention in our cities

STAVANGER, NORWAY | MAY 9-10, 2016

Dear Friends and Colleagues,

It is a great pleasure to welcome you to Stavanger and to the 23rd ECAD Mayors Conference “Proactivity beats Reactivity – Examining the evidence for sound drug prevention in our cities” that will take place on May 9-10, 2016. We are the Norwegian energy capital and a city where diversity is highly valued. Today more than 20 percent of our population have origin outside of Norway, and together we represent 181 nationalities.

This year's ECAD Mayors Conference will focus on how we should improve drug prevention efforts. Science tells us that investing in prevention works and can spare us from future problems. However, it can be difficult to translate that knowledge into concrete action. Our cities possess a rich pool of experiences and best practices that will be presented at the conference.

I look forward to seeing you all in Stavanger.

Christine Sagen Helgø

Mayor of Stavanger
