

**INTERNATIONAL CONFERENCE
„A HEALTHY CITY: THE REALITY AND FUTURE
PROSPECTS“**

**October 18, 2012
Klaipėda, Lithuania**

In 2011 Klaipėda became a member of WHO the European national Healthy Cities network, and committed itself together with all the members to implement the concept of Healthy Cities 2009-2013: the inclusion of health interests into all local strategies.

The main idea of the Conference is to share achievements and experience in creation and implementation of Healthy Cities ideas, to get a deeper insight into Lithuanian and foreign expertise in including a wide range of sectors into the process.

The following topics will be discussed at the Conference (workshops):

A friendly and supportive living environment (the city of equal opportunities, where all citizens enjoy support and can satisfy their various needs)

Healthy life-styles (the city provides warrants, possibilities and conditions for healthy life-styles to all age and social groups)

Health friendly environment and urban design (a city safeguards the natural /urban environment that supports health, recreation, well-being, safety, social interaction, mobility, and a feeling of cultural identity to its the citizens).

Public sector specialists, representatives of academic community, experts and practitioners, relevant to Healthy City creation and implementation, are kindly invited to the Conference.

You are welcome to the Conference!

Till September 1, 2012, please, send the title of your report and its short summary (up to 300 words) to Klaipėda City Municipality Administration Health Care Division by e-mail: sveikata@klaipeda.lt.

The Organising Committee will inform you about your report being included into the Conference Program by e-mail. The planned duration of your oral report is 20 minutes. The illustration material should be a digital power point presentation.

Articles on the themes of the reports will be published in a special Conference publication. The slides of the report and its all article shall be received by September 20, 2012.

No participation fee.

The Conference working language is Lithuanian with translation into English.
